South Valley Sewer District's Jordan Basin Water Reclamation Facility (JBWRF) submitted a variance request, dated December 26, 2017 to the Utah Division of Water Quality (DWQ), seeking an extension of the TBPEL implementation date. The Variance Request is based on the fact that the District is in the process of designing and constructing improvements to the Facility to meet TBPEL requirements, however such improvements cannot be completed prior to January 1, 2020, despite the District's diligence.
